

Jasmine: Midfield Master!

Reported and written by Michal

Jasmine is a fabulous player for the Harewood Junior Girls Football Team, *writes Year Six reporter Michal*. Jasmine joined the Year 5 Girls Football team and has been marvelously competing with her team to win any game and overcome any obstacle - I can't say that this hasn't worked out! In Harewood Y5 Girls' most recent game, Jasmine and her team smashed Widden Primary with a 9-0 victory! Today, I went to find out more about her rise to local stardom...

I walked outside and sat down onto a chair with Jasmine. I ask her my first of many questions:

'Are you happy with the outcome of the game? '

Jasmin answered: *'I feel that the outcome of the game was satisfying and it was another victory for the Harewood Year Fives!'*

I jotted this down in my notebook, and proceeded to the next query: one that I wanted to ask with great curiosity.

'What inspired you to begin playing football?' I asked, with great wonder.

Jasmine responded, *'I was inspired to begin football when I saw my friends playing football. I decided it looked fun and I wanted to give it a shot.'*

I then continued to ask questions about Jasmine's game and her origin of interest in football, including:

'Is football a long term 'goal' (get it?) or is it just a hobby?'

She answers *'I don't have any major plans for my future involving the sport; I only play football as a sport.'*

I next ask if she plays for any teams outside Harewood Junior.

She tells me that *'I don't play for any teams except for Harewood Junior's Year 5 Girls. Like I said, I don't have any big plans for football.'*

I then questioned her about another topic, one which the answer was surprising!

'Do you feel that Widden Primary's footballers were not a fair match for your unbeatable team, and did you get bored after the Widden players failed again and again to get a possible threat on your net?'

Jasmine says that *'Widden never stood a chance against us! We worked together right until the very end! I didn't get bored whilst playing, despite Widden not getting one shot on our goal.'*

She also proceeded to tell me that she was very happy with the team's co-operation and communication throughout the game.

Both of us stood up, exchanged goodbyes, and Jasmine went back to her classroom, as I prepared to write this very game report.
