

LILY: THE PERFECT TEAM PLAYER

Lily loves her team here at Harewood Junior School. She got into football as her friend plays for Hardwick Girls. She likes to play in a variety of positions including winger and striker. As a team player, she walked onto the pitch, played an incredible match against Widden Primary School. Lily currently plays for Longlevens Under 13s. She gets nervous before games but is in the moment when it comes to matches and loves playing. Football makes her feel happy. In the match against Widden, the score was 9-1 to Harewood! The way she zoomed around the football field was incredible! I firmly believe if she carries on playing like this, she could be a star football player of the future. Lily would score each couple of minutes, never back down and still be playing perfectly with her team. Even if not, we will still remember her for her outstanding goals and her agility and inspiring performances for Harewood Junior School – Lily is simply splendid!
