

## Y5 SUPERSTAR PHOEBE

By Reggie

Phoebe is a Y5 football superstar. She was a crucial part of the Y5/Y6 girls football game against Widden Primary School, a dramatic 9-0 win.

Growing up, she loved to watch her older brother Jack play football in her garden. This inspired her to join a football team when she got to the age of 10. She made the important decision to join the Harewood junior school football team to increase her chances of becoming a professional football player. She thinks that when she plays soccer, she lets her competitiveness and passion about football show.

Phoebe has played for Bridge Academy, Gloucester City, Cheltenham Town and Forest Green Rovers. She currently plays for Aston Villa which she thoroughly enjoys. Phoebe plays in centre midfield which is her favourite position. In the future, she dreams of playing for Man City and the England Lionesses. Football makes her feel amazing and is part of her life. She also started playing football at the age of 5 after watching her big bro playing football and has quickly settled in to playing football.
